Subject: Request for locks for Ocean City Medium Voltage Rooms

Rich,

It was a pleasure speaking with you today. I had a contract generated for helping us out with some locks in Ocean City. We have some transformer and medium voltage equipment rooms that we want you help assist in relocking/re-keying for our specific keys. Whenever you have time available, we can meet and show what we want done. The rooms have electrical equipment inside so we would have to escort you with our trouble / service person and you'd have to have your PPE (FR/dielectric shoes), etc.

Looking forward to working with you.

As stated, we have about 300 possible rooms in Ocean City and some in the Rehoboth/Bethany Area.

Rich,
Just checking in if you guys had found any compatible locks for the shanks and a quote for the work we walked out with Richard Smith on in Ocean City?

Thanks

Rich,
I agree and approve to the cost.

Since these will be our live voltage rooms, just let us know when to schedule, so our trouble-men will be on site and how long as well.

Much appreciated
